We Bring Simplicity to Adjuster Licensing

At Supportive Insurance Services, we manage the entire licensing process for you – from obtaining initial licenses to maintaining them and filing the documents required by the various states. We take the pain out of licensing, simplifying it, making it affordable, and enabling you and your adjusters get on with helping insureds get back on their feet again after a loss.

Do you know over 34 states require independent adjusters to be licensed prior to adjusting a claim located in their states? And 16 states require staff adjuster licensing? In addition, many states require adjuster firms to be licensed.

NEW LICENSING

We'll look at the states where your adjusters need to be licensed and develop a customized plan to complete the licensing as effortlessly and expeditiously as possible.

CERTIFICATE OF AUTHORITY FILINGS

We'll file your Certificate of Authority applications for your firm and coordinate registered agent services.

FOLLOW-UP

We will follow-up with the insurance departments or Secretary of State offices to ensure timely issuance of your applications.
